As a Massachusetts Federal Employee, you will continue to appreciate the availability of quality, affordable dental care through this new plan.

About Delta Dental
Delta Dental of Massachusetts is the state’s leading dental benefits administrator, providing benefits to over 2 million members in Massachusetts.

The Premier Advantage
With the Delta Dental Premier Voluntary Enhanced Table Plan, Massachusetts (MA) federal employee members and their families will:

♦ Be covered 100% for preventive and diagnostic services.
♦ Have coverage for minor and major restorative services.
♦ Have immediate access to dental care because there are no waiting periods or pre-existing condition exclusions.
♦ Be able to cover dependents until they are 26 years old.
♦ Have no deductibles
♦ Receive up to $1,500 in coverage annually for each member.
♦ Be able to visit the dentist of your choice. However, your out-of-pocket costs will be higher if you visit a dentist outside of Massachusetts. 96% of Massachusetts dentists are part of a Delta Dental network.

All federal members with a checking account through Hanscom Federal Credit Union may join the Delta Dental Premier Voluntary Enhanced Table Plan.

How the Delta Dental Premier Voluntary Enhanced Table Plan Works
The Delta Dental Premier Voluntary Enhanced Table Plan is easy to use and understand. Members will receive a benefit summary which lists the approximate level of coverage for services performed by participating Delta Dental Premier dentists. The claims process is simple – our dentists handle all claim forms, and you pay your co-payment directly to the network dentist.

Delta Dental Dentists
Members of the Delta Dental Premier Voluntary Enhanced Table Plan enjoy great benefits when they receive dental care from one of Delta Dental Premier’s dentists available at more than 7,400 locations (96% of the state’s dentists participate), including:

♦ Lower out-of-pocket costs: Because network dentists often accept discounted fees from Delta Dental members, out-of-pocket costs are lower and the plan’s coverage goes further.
♦ No claim forms: Participating dentists prepare and submit claims. Members pay their co-payment (if applicable) directly to the network dentist.
♦ Direct payment: Delta Dental pays the dentist directly, so members don’t have to pay the covered amount up front and wait for a reimbursement check.

Out-of-Network Coverage
The Delta Dental Premier Voluntary Enhanced Table Plan covers services performed by non-participating dentists. However, a member’s out-of-pocket expenses may be more. The member will be responsible for the difference between Delta Dental’s payment and the dentist’s submitted charge. For example, we will pay $26.40 for a one-surface filling (code D2140) if provided by a non-participating dentist. If the dentist’s submitted charge is $60.00—the member will then be responsible for the difference which is $33.60. In addition, members may be responsible for submitting their own claim forms.
