

Changes to Terms and Conditions Hanscom FCU Mastercard® ATM & Check Card

Beginning on July 1, 2019, there are two changes that will take effect within the terms and conditions of your Hanscom FCU Mastercard ATM & Check Card. We hope this information is helpful to you.

1. ID Theft Protection (IDT) will be provided by Generali, an insurance provider. Currently, IDT is offered through CSID (an Experian company). IDT is a free program designed to monitor the surface, dark, and deep web for any compromising or damaging use of your personal information. All Mastercard consumer debit cardholders in the US are eligible for this coverage. To learn of the features and benefits and to activate this service, visit

<https://mastercardus.idprotectiononline.com>. Please note that you will be prompted to share personal information should you choose to activate this free monitoring service.

2. The Price Protection program, previously available to Mastercard debit cardholders, will be discontinued.

To learn more about the many benefits available to you through your Hanscom FCU Mastercard ATM & Check Card, please review the Guide to Benefits at <https://www.hfcu.org/content/docs/Debit-Card-Benefits-Guide.pdf>.

Hanscom Federal Credit Union continually works to provide the best products and services to members like you. For questions about your accounts and membership benefits, call us at 800-656-4328.
